

6 – 8 May 2025

CUTTING-EDGE SOLUTIONS

The trade fair for professional solutions.

AN EVEN SHARPER VIEW FOR THE NEXT EDITION

You are sure to do well here: CUTTING WORLD is the only trade fair that focuses entirely on the entire process chain of innovative cutting and offers you the ideal platform to present your customised products and solutions to a high-quality trade audience. Benefit from a unique combination of theory and practice

at the German Cutting Congress PLUS and the German Flame Cutting Day, which take place at the same time - hold intensive discussions with existing and new business partners and expand your network in a pleasant atmosphere.

The only trade fair that focuses on cutting/separating topics

1000+ visitors

Space for networking and LIVE demos

Influential Ruhr metropolitan area:

Location of many cutting plants and companies from the sector

80

national & international exhibitors

Synergy with the German Cutting Congress® PLUS

/// CUTTING WORLD was a complete success for us! The trade fair was characterised by a very knowledgeable specialist audience. Intensive discussions in a pleasant atmosphere, finding solutions to complex challenges - that was exactly what was possible at CUTTING WORLD. In retrospect, the expectations we had of participating in the trade fair were even exceeded. New perspectives have opened up for our company and we were able to convince new customers of our products through the intensive dialogue on site. We are therefore looking forward to participating again in 2025. ///

Michael Roser,
Sales Director, Boschert GmbH & Co. KG

/// CUTTING WORLD offers an excellent opportunity to enter into an intensive dialogue with customers and to develop solutions tailored to individual requirements. We were also able to take away many valuable insights from the German Cutting Congress. The presentation of the ProtoMAX waterjet cutting system at CUTTING WORLD has given our company new impetus and opened doors to new customers, which is why we will be back again in 2025! ///

Sven Anders, Maximator JET GmbH

/// We were able to gain some interesting leads for our AI solutions at CUTTING WORLD. The combination with the congress presentation in particular gave us a high level of visibility among the expert trade fair audience. ///

Patrick Imke,
CEO Your Easy AI GmbH

WHAT YOU BENEFIT FROM AS AN EXHIBITOR

Firmly scheduled with a growing number of specialists:

Deutsche Schneidkongress® PLUS

Neutral specialist lectures backed by research on innovations and separating technologies.

Deutsche Brennschneidtag®

Within the framework of a sponsorship package, you have the opportunity to give best-solution lectures yourself.

Both congresses are included in the trade fair ticket price for visitors.
